

Per the Poison Control Center, 55% of **accidental poisonings** occur with children 5 years old and younger.

The risk of a child or grandchild from accidentally ingesting medications increases when we store expired or unused medications in our homes!

Dispose of them properly in a local medicine collection bin! There are three available to Boone County residents, free of charge!

## **Medicine Collection Bins**

**Boone County Jail Lobby**  
1905 Indianapolis Ave., Lebanon

**Zionsville Police Dept.**  
1075 Parkway Dr., Zionsville

**Whitestown Police Dept.**
