IN THE MATTER OF RESOLUTION 2021-06 RENEWING A STATE OF EMERGENCY

Tom Ryan, County Preparedness Coordinator, provided a brief update on the sixty-one (61) new cases reported in Boone County over the weekend. The number of positive cases reported each week continues to decline, which is encouraging. Last week, Boone County went from a Red Status to an Orange Status per the state's metrics, and we continue to remain in Orange Status. As of last Friday, approximately 7,000 vaccines have been administered through the joint efforts of the Health Department and other vaccine clinics within the County. There is a new testing site in Boone County at the old County Home, near the Boone County Sheriff's Office/jail. This site is being run independently by a third party, operating 5-6 days per week. As of today, those that are 65 and older are now eligible for the vaccine. Tom recommends letting the State of Emergency lapse based on the number of sites, the decline in positive cases, and being in Orange Status as a county. County Attorney Bob Clutter presented Resolution 2021-06 renewing a State of Emergency and read it aloud in pertinent parts pursuant to Indiana State Law.

Motion failed. Resolution 2021-06 dies due to lack of motion and the State of Emergency lapsed.

Commissioner Wolfe commented that on Wednesday, February 3rd county buildings/offices will go back to normal operations, understanding that the expectation is to still allow for social distancing and wearing masks mandated by the Governor's order.

IN THE MATTER OF AN OFFICE REQUEST FOR THE EXTENSION OFFICE

Curt Emanuel, Extension Educator, presented the request to keep the Extension Office door locked and visits by appointment only while the Boone County Health Department continues COVID testing at the fairgrounds, even if other offices open back up, to mitigate the exposure of COVID to the staff since those usually coming to the fairground to be tested are at high risk. Every day people continue to come to the Extension Office thinking their office is conducting the testing. Commissioner Santelli commented on adding additional signage and maps to the testing site at the fairgrounds.

Commissioner Lawson moved to approve the Extension Office to continue having their door locked and for visits by appointment only until the testing site is moved off the fairgrounds. Motion seconded by Commissioner Wolfe; motion passed unanimously.

IN THE MATTER OF A RENTAL AGREEMENT FROM EASTERN ENGINEERING FOR ENGINEERING PLOTTER FOR SURVEYOR'S OFFICE

County Attorney Bob Clutter presented a rental agreement with Eastern Engineering for a new plotter (Make: HP PageWide Model: XL3900). The lease for the current plotter is now expired and the Surveyor's Office has continued with a monthly contract, but the maintenance has gotten to the point where they cannot use it as frequently and are in need of a new plotter. The cost of the lease agreement is within the Surveyor's budget.
