Chronic Disease Prevention Grant

The Boone County Health Department is offering chronic disease prevention community grants. To qualify for this grant, the organization must provide services related but not limited to the following:

- Programs/education to address obesity and obesity related disease prevention
- Healthy eating interventions for various age groups
- An obesity prevention and chronic disease prevention coalitions
- Screening/education/support for chronic diseases such as cardiovascular disease, hypertension, cancer, hepatitis C, and diabetes

The Boone County community organizations who offer services in chronic disease prevention can apply for up to \$5,000. The grant funds may not be used on capital expenses such as for purchase of property, land, or vehicles. Please visit boonecounty.in.gov for the application and submit to lyounts@co.boone.in.us.
