Harm Reduction/Overdose Prevention Grant

The Boone County Health Department is offering harm reduction/overdose prevention community grants. To qualify for this grant, the organization must provide services related but not limited to the following:

- Naloxone distribution and training
- Education on substance use disorder
- MAT (medication-assisted treatment)
- Peer recovery services
- HIV/Hepatitis C testing and referrals to treatment/recovery

There are grants available up to \$10,000 for the Boone County community organizations who offer services in harm reduction/overdose prevention. The grant funds may not be used on capital expenses such as for purchase of property, land, or vehicles. Please visit boonecounty.in.gov for the application and submit to lyounts@co.boone.in.us.
