Maternal and Child Health Grant

The Boone County Health Department is offering maternal and child health community grants. To qualify for this grant, the organization must provide services related but not limited to the following:

- Referrals to maternal and child health services
- Infant safe sleep education and/or provide portable cribs and sleep sacks
- Lactation support to new parents
- Tobacco cessation programs and referrals for pregnant individuals
- Home visits with pregnant and parenting families
- Connect and/or provide family planning resources to adults
- Insurance navigation covering kids and families
- Nutrition education for families
- Provide or refer families to substance use disorder treatments
- Provide or refer families for contraceptive care

The Boone County community organizations who offer services in maternal and child health can apply for up to \$5,000. The grant funds may not be used on capital expenses such as for purchase of property, land, or vehicles. Please visit boonecounty.in.gov for the application and submit to lyounts@co.boone.in.us.
